Metodi e strumenti

L'approccio allo studio della lingua è stato di tipo essenzialmente comunicativo, integrato da approfondimenti mirati all'acquisizione di una crescente padronanza linguistica a livello scritto e orale e da uno studio particolareggiato della grammatica e del lessico di base mediante lettura, esercizi, prove di ascolto e produzione orale.

Per buona parte dell'anno le lezioni sono state svolte a distanza utilizzando la piattaforma Zoom e Google Classroom, secondo la metodologia sopra descritta.
